### PROXY STATEMENT

The enclosed proxy is solicited by the Board of Directors in connection with the Annual Meeting of Shareholders to be held on April 19, 2005, at 10:00 a.m. local time at the Company's corporate offices, and at any adjournments and postponements thereof, for the purpose of considering and acting upon the matters specified in the foregoing Notice. The mailing address of the corporate offices of the Company is 1835 Dueber Avenue, S.W., Canton, Ohio 44706-2798. The approximate date on which this Proxy Statement and form of proxy will be first sent or given to shareholders is March 17, 2005.

The Board of Directors is not aware that matters other than those specified in the foregoing Notice will be brought before the meeting for action. However, if any such matters should be brought before the meeting, the persons appointed as proxies may vote or act upon such matters according to their judgment.

### ELECTION OF DIRECTORS

The Company presently has fourteen Directors who, pursuant to the Amended Regulations of the Company, are divided into three classes with five Directors in Class I, five Directors in Class II and four Directors in Class III. From the 2004 Annual Meeting of Shareholders until November 5, 2004, there were thirteen Directors, with five Directors in Class I, four Directors in Class II and four Directors in Class III. At the Board of Directors' meeting held on November 5, 2004, the Board passed a resolution increasing the size of the Board from thirteen to fourteen Directors, and Phillip R. Cox was elected by the Directors then in office to fill the vacancy which was apportioned to Class II. At the Board of Directors' meeting held on February 1, 2005, the Board passed a resolution decreasing the number of Directors from fourteen to thirteen effective as of the 2005 Annual Meeting of Shareholders. The decrease of one Director will be apportioned to Class II. At the 2005 Annual Meeting of Shareholders, four Directors will be elected to serve in Class II for a three-year term to expire at the 2008 Annual Meeting of Shareholders. Under Ohio law and the Company's Amended Regulations, candidates for Director receiving the greatest number of votes will be elected. Abstentions and "broker non-votes" (where a broker, other record holder, or nominee indicates on a proxy card that it does not have authority to vote certain shares on a particular matter) will not be counted in the election of Directors and will not have any effect on the result of the vote. Current Class II Director Jay A. Precourt will retire from the Board after nine years of service as of the 2005 Annual Meeting of Shareholders when his three-year term expires.

If any nominee becomes unable, for any reason, to serve as a Director, or should a vacancy occur before the election (which events are not anticipated), the Directors then in office may substitute another person as a nominee or may reduce the number of nominees as they shall deem advisable.

### ITEM NO. 1 ELECTION OF CLASS II DIRECTORS

The Board of Directors, by resolution at its February 1, 2005, meeting, nominated the four individuals set forth below to be elected Directors in Class II at the 2005 Annual Meeting of Shareholders to serve for a term of three years expiring at the Annual Meeting of Shareholders in 2008 (or until their respective successors are elected and qualified). All of the nominees have been previously elected as a Director by the shareholders except Mr. Cox. Each of the nominees listed below has consented to serve as a Director if elected.

Unless otherwise indicated on any proxy, the persons named as proxies on the enclosed proxy form intend to vote the shares covered by such proxy form in favor of the nominees named below. The Board of Directors unanimously recommends a vote FOR the election of the nominees named below.

The Board of Directors has adopted the independence standards of the New York Stock Exchange listing requirements for determining the independence of Directors. Those standards are annexed to this Proxy Statement as Appendix C. The Board has determined that the following continuing Directors or Director nominees have no material relationship with the Company and meet those standards: Phillip R. Cox, Jerry J. Jasinowski, John A. Luke, Jr., Robert W. Mahoney, Joseph W. Ralston, Frank C. Sullivan, John M. Timken, Jr., and Jacqueline F. Woods.

W. R. Timken, Jr. and Ward J. Timken are brothers and are cousins of John M. Timken, Jr. Ward J. Timken, Jr. is the son of Ward J. Timken and the nephew of W. R. Timken, Jr. The Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. During 2004, there were six meetings of the Board of Directors, nine meetings of its Audit Committee, three meetings of its Compensation Committee, and three meetings of its Nominating and Corporate Governance Committee. All nominees for Director and all continuing Directors attended 75 percent or more of the meetings of the Board and its Committees that they were eligible to attend. All members of the Board of Directors are expected to attend the Annual Meeting of Shareholders. Twelve of the thirteen Board members and two retiring Directors attended last year's Annual Meeting of Shareholders. At each regularly scheduled meeting of the Board of Directors, the independent directors also meet separately in an executive session. The Chairpersons of the standing committees preside over those sessions on a rotating basis.

### **DIRECTOR COMPENSATION**

Each Nonemployee Director, other than W. R. Timken, Jr., who served in 2004 was paid at the annual rate of \$35,000 for services as a Director. Each Nonemployee Director serving at the time of the Annual Meeting of Shareholders on April 20, 2004, received a grant of 1,000 shares of Common Stock and a grant of 3,000 nonqualified stock options under The Timken Company Long-Term Incentive Plan, as Amended and Restated (the "Long-Term Incentive Plan"), following the meeting, and such Directors and nominees for Director will receive annual grants of Common Stock and stock options under the Long-Term Incentive Plan following the Annual Meeting of Shareholders each year as long as they serve as Nonemployee Directors. Upon a Director's initial election to the Board, each new Nonemployee Director receives a grant of 2,000 restricted shares under the Long-Term Incentive Plan, and Mr. Jasinowski received such a grant upon his election in April, 2004, as did Mr. Cox upon his election in November, 2004. W. R. Timken, Jr. does not receive any of the Nonemployee Director cash compensation described above. Pursuant to an agreement entered into between the Company and Mr. Timken in connection with his retirement as an Executive Officer of the Company on December 31, 2003, Mr. Timken agreed to serve as Chairman of the Board of Directors in a non-executive capacity for such period as he remains on the Board and is elected Chairman by the

## Table of Contents

Board of Directors. In addition, Mr. Timken agreed to provide consulting and other services to the Company for such period as he and the Company agree (the "Service Period"). Pursuant to the agreement, Mr. Timken is paid \$480,000 per year for his service as Chairman of the Board of Directors, in lieu of the cash compensation paid to Nonemployee Directors generally. Following his service as Chairman of the Board of Directors, Mr. Timken will be paid \$100,000 per year during the remainder of the Service Period, in lieu of the cash compensation paid to Nonemployee Directors generally. Mr. Timken will also receive a monthly payment of \$18,334 for the remainder of his life, with fifty percent of this amount continuing following his death to his spouse for the remainder of her life. This amount is in addition to the other retirement benefits to which Mr. Timken is entitled. In addition, during the Service Period Mr. Timken will be provided an office and administrative support, and will have access to Company aircraft services for Company-related business. Mr. Timken will also be reimbursed for travel and other expenses incurred by him and his spouse for Company-related business. The agreement obligates Mr. Timken to refrain from competing with the Company for a five-year period following the end of the Service Period. As former employees of the Company, W. R. Timken, Jr., Ward J. Timken and Joseph F. Toot, Jr. receive a pension benefit from the Company. Additionally, as a former Chief Executive Officer of the Company, Mr. Toot is provided an office and administrative support.

W. R. Timken, Jr. and Ward J. Timken were awarded performance unit grants under the Long-Term Incentive Plan in 2002 when they were Executive Officers of the Company. The grant covers the three-year performance period of 2002-2004. Because they retired as employees in 2003 after completing two full years of the performance period but prior to the completion of the full three-year cycle, they were eligible to receive a prorated (two-thirds) award of any final performance cycle award. W. R. Timken, Jr. received an award of \$696,667 and Ward J. Timken received an award of \$29,333 in 2004.

Any Director may elect to defer the receipt of all or a specified portion of his or her cash and/or stock compensation in accordance with the provisions of The Director Deferred Compensation Plan adopted by the Board on February 4, 2000. Pursuant to the plan, cash fees can be deferred into a notional account and paid at a future date requested by the Director. The account will be adjusted through investment crediting options which include interest earned quarterly at a rate based on the prime rate plus one percent or the total shareholder return of the Company's Common Stock, with amounts paid either in a lump sum or in installments in cash. Stock compensation can be deferred to a future date and paid either in a lump sum or installments and is payable in shares plus a cash amount representing dividend equivalents during the deferral period. Directors who are employees of the Company receive no separate fees as Directors of the Company.

Following review by the Compensation Committee of the Company's Board of Directors of the existing terms of compensation for Nonemployee Directors, on February 1, 2005, the Board of Directors approved an increase in the annual cash retainer paid to Nonemployee Directors. Effective as of January 1, 2005, Nonemployee Directors will be paid at the annual rate of \$45,000 for services as a Director. Other terms of Nonemployee Director compensation did not change.

The Audit Committee has received and reviewed the written disclosure and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1 (titled, "Independence Discussions with Audit Committees"), has discussed with the Company's independent auditors such independent auditors' independence, and considered the compatibility of non-audit services with the auditors' independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, filed with the U.S. Securities and Exchange Commission.

(1) Reflects reimbursement of taxes resulting from payment of company-related spousal travel expenses. Mr. Eisenberg's 2002 figure includes \$60,819 in temporary living and relocation expenses and \$6,701 reimbursement for related taxes resulting from his 2002 relocation. Mrs. Dedo's 2004 figure includes \$60,178 in temporary living and relocation expenses related to her 2004 relocation.

(2) The amounts shown in this column include deferred dividend equivalents earned in 2004 on stock options for the following individuals in amounts indicated: Mr. Griffith - \$160,856; Mr. Eisenberg — \$7,624; Mr. Arnold — \$60,106; and Mr. Timken — \$21,883. Options granted by the Company prior to April 2002 provided for deferred dividend equivalents to be earned by the grantee when total net income per share of the outstanding Common Stock is at least two and one-half times (or two times in the case of options granted prior to 1996) the total amount of cash dividends paid per share during the relevant calendar year. Deferred dividend equivalents are not traditional restricted stock, but deferred shares with no voting or statutory dividend rights. The deferred shares are subject to forfeiture until issued to the grantee, which occurs four years after the date they are earned provided the grantee remains continuously employed by the Company. The number of deferred shares earned in 2004 was: Mr. Griffith — 6,182; Mr. Eisenberg — 293; Mr. Arnold — 2,310; and Mr. Timken — 841. None of the individuals named in the table held any other deferred dividend equivalents as of December 31, 2004.

The remaining amounts shown in this column represent the value of restricted shares as of the date of grant. All of these restricted shares vest at the rate of 25% per year starting on the first anniversary of the grant, except for the restricted shares awarded to Mr. Eisenberg in 2002 and Mrs. Dedo in 2004 upon hire. Mr. Eisenberg's restricted shares vest at the rate of 6,000 shares per year, on each anniversary date of hire for 2003 through 2006, with the remaining 26,000 shares vesting in 2007. Mrs. Dedo's restricted shares will vest 6,000 shares per year, on each anniversary of her date of hire for 2005 and 2006, with the remaining 13,000 shares vesting in 2007. At the end of 2004, Mr. Griffith held a total of 65,000 restricted shares with a market value of \$1,691,300; Mr. Eisenberg held a total of 50,000 restricted shares with a market value of \$1,301,000; Mr. Arnold held a total of 17,500 restricted shares with a market value of \$455,350; Mr. Timken held a total of 13,000 restricted shares with a market value of \$338,260; and Mrs. Dedo held a total of 25,000 restricted shares with a market value of \$650,500. Dividends are paid on Restricted Shares at the same rate as paid to all shareholders.

(3) The amounts shown represent cash awards under performance units covering the 2002-2004 performance cycle, which were granted in 2002 and used the performance measures of return on equity and sales growth. Performance of both measures exceeded the threshold levels set by the Compensation Committee, resulting in a calculated award of 101% of target level for the 2002-2004 cycle. The Compensation Committee approved an increase in the actual award of approximately 9%. Mrs. Dedo did not receive performance units for the 2002-2004 cycle because she did not join the Company until 2004.

(4) The amounts shown in this column for 2004 have been derived as follows:

Mr. Griffith:

\$9,225 annual contribution by the Company to the Savings and Investment Pension Plan ("SIP Plan").

\$51,525 annual contribution by the Company to the Post-Tax Savings and Investment Pension Plan ("Post-Tax SIP Plan").

**OPTION GRANTS IN LAST FISCAL YEAR**

The following table sets forth information concerning stock option grants made to the individuals named in the Summary Compensation Table during 2004 pursuant to the Long-Term Incentive Plan.

NAME	INDIVIDUAL GRANTS				
	(1) NUMBER OF SECURITIES UNDERLYING OPTIONS GRANTED	PERCENT OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN FISCAL YEAR	(2) EXERCISE OR BASE PRICE (\$/SHARE)	EXPIRATION DATE	(3) GRANT DATE PRESENT VALUE (\$)
James W. Griffith	134,000	19.1%	24.14	April 20, 2014	1,058,600
Glenn A. Eisenberg	35,000	5.0%	24.14	April 20, 2014	276,500
Michael C. Arnold	30,000	4.3%	24.14	April 20, 2014	237,000
W. J. Timken, Jr.	24,000	3.4%	24.14	April 20, 2014	189,600
Jacqueline A. Dedo	40,000 25,000	5.7% 3.6%	21.985 21.985	March 1, 2014 March 1, 2014	286,400 166,000

(1) All of these options were granted on April 20, 2004, with the exception of the options granted to Mrs. Dedo, which were granted on March 1, 2004. Other than Mrs. Dedo’s grant of 25,000 options, all of these options are exercisable beginning 12 months after the date granted, with 25% of the options covered thereby becoming exercisable at that time and with an additional 25% becoming exercisable on each of the following three anniversaries. The agreements pertaining to these options provide that such options will become exercisable in full and will vest in the event of normal retirement, early retirement with the Company’s consent, death or disability of the option holder or a change in control of the Company, in each case as defined in such agreements. Mrs. Dedo’s grant of 25,000 options is subject to performance-based vesting and the entire grant becomes exercisable if the price per share of Common Stock reaches \$35.

(2) The exercise or base price per share represents the fair market value of the Company’s Common Stock as of the grant date.

(3) The rules on executive compensation disclosure issued by the Securities and Exchange Commission authorize the use of variations of the Black-Scholes option-pricing model in valuing executive stock options. The Company used this model to estimate grant date present value. In applying this model, basic assumptions were made concerning variables such as expected option term, interest rates, stock price volatility and future dividend yield, to establish an estimated option value. There is, of course, no assurance that the value actually realized by an executive will be at or near the estimated value, because the actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised.

The following assumptions were used in establishing the option value for the options granted on April 20, 2004: (a) an option term of 8 years, which is the expected life of the option based on historical experience of stock option exercises at the Company; (b) an interest rate of 4.29%, which corresponds to the yield to maturity on an 8-year U.S. Treasury strip on April 26, 2004; (c) volatility of .401, calculated using the quarter-ending stock prices for 5 years prior to the grant date; and (d) dividend yield of 3.65%, the average amount paid annually over the 5 years prior to grant date. For the grants made to Mrs. Dedo on March 1, 2004, the following assumptions were used: (a) an option term of 8 years, which is the expected life of the option based on historical experience of stock option exercises at the Company; (b) an interest rate of 3.91%, which corresponds to the yield to maturity on an 8-year U.S. Treasury strip on February 27, 2004; (c) volatility of .403 calculated using the quarter-ending stock prices for 5 years prior to the grant date; and (d) dividend yield of 3.71%, the average amount paid annually over the 5 years prior to grant date. In addition, the Black-Scholes value of the grant of 25,000 options with performance-based vesting was discounted to account for the probability of reaching the designated performance level.

**AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR  
AND FISCAL YEAR-END OPTION VALUES**

The following table sets forth information with respect to the exercise of stock options during 2004 by the individuals named in the Summary Compensation Table and the aggregate number and value of options held by such individuals as of December 31, 2004.

Name	SHARES ACQUIRED ON EXERCISE (#)	(1) VALUE REALIZED (\$)	NUMBER OF SECURITIES UNDERLYING OPTIONS AT FISCAL YEAR-END (#)		(2) VALUE OF IN-THE-MONEY OPTIONS AT FISCAL YEAR-END (\$)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
James W. Griffith	46,000	323,295	279,750	300,250	1,953,025	1,008,770
Glenn A. Eisenberg	27,500	148,200	0	107,500	0	526,600
Michael C. Arnold	0	0	111,850	91,250	812,269	411,100
W. J. Timken, Jr.	0	0	51,750	60,250	388,319	325,295
Jacqueline A. Dedo	0	0	0	65,000	0	161,400

(1) The value to be realized on the exercise of options is based on the difference between the exercise price and the fair market value of the Company's Common Stock on the date of exercise.

(2) Based on the difference between the exercise price and the closing stock price on the New York Stock Exchange at year-end.

**LONG-TERM INCENTIVE PLAN – AWARDS IN LAST FISCAL YEAR**

The following table provides information relating to the performance unit awards that were made in 2004 to the individuals named in the Summary Compensation Table under the Long-Term Incentive Plan.

NAME	NUMBER OF SHARES, UNITS OR OTHER RIGHTS (#)	PERFORMANCE OR OTHER PERIOD UNTIL MATURATION OR PAYOUT	ESTIMATED FUTURE PAYOUTS UNDER NON-STOCK PRICE-BASED PLANS		
			THRESHOLD (\$)	TARGET (\$)	MAXIMUM (\$)
James W. Griffith	9,000	1/1/2004 – 12/31/2006	450,000	900,000	1,350,000
Glenn A. Eisenberg	4,160	1/1/2004 – 12/31/2006	208,000	416,000	624,000
Michael C. Arnold	2,870	1/1/2004 – 12/31/2006	143,500	287,000	430,500
W. J. Timken, Jr.	2,880	1/1/2004 – 12/31/2006	144,000	288,000	432,000
Jacqueline Dedo	2,625	1/1/2004 – 12/31/2006	131,250	262,500	393,750

Each performance unit has a cash value of \$100.00. Payment of awards is subject to the attainment of return on equity and sales growth targets. Each measure is weighted equally. For a payment to be earned, the actual performance during the performance period must exceed the threshold performance levels for both return on equity and sales growth. If the threshold performance level for either measure is not attained, then no payment will occur. If an award is payable, the minimum award is 50% of target and the maximum award is 150% of target. Payments may be made in cash or shares of Common Stock, as determined by the Compensation Committee, as soon as practicable after the performance period, but in no event later than two and one-half months after the end of the applicable performance cycle.

**EQUITY COMPENSATION PLAN INFORMATION**

The table below sets forth information as of December 31, 2004, regarding the Long-Term Incentive Plan. Under the Long-Term Incentive Plan, the Company has made equity compensation available to Directors, officers, and other employees of the Company. The Long-Term Incentive Plan has been approved by our shareholders.

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	7,491,238 (1)	\$19.19 (2)	5,474,826 (3)/ (4)
Equity compensations plans not approved by security holders:	0	0	0
Total:	7,491,238	\$19.19	5,474,826

- (1) The amount set forth in column (a) includes non-qualified stock options, deferred shares, and dividend credits, but does not include restricted shares or performance units.
- (2) The weighted average exercise price in column (b) includes non-qualified stock options only.
- (3) The amount set forth in column (c) represents shares of Common Stock remaining available under the Long-Term Incentive Plan, which authorizes the Compensation Committee to make awards of option rights, appreciation rights, restricted shares, deferred shares, and performance units. Awards may be credited with dividend equivalents payable in the form of shares of Common Stock. In addition, under the Long-Term Incentive Plan, Nonemployee Directors are entitled to awards of restricted shares, Common Stock and option rights pursuant to a formula set forth in the Long-Term Incentive Plan. The maximum number of shares of Common Stock that may be issued under the Long-Term Incentive Plan as restricted shares and deferred shares cannot (after taking into account any forfeitures and excluding automatic awards of restricted shares to Nonemployee Directors) exceed 10% of the 16,200,000 shares of Common Stock previously authorized for issuance under the Long-Term Incentive Plan. As of December 31, 2004, 798,525 shares of Common Stock remained available for future issuance as restricted shares or deferred shares.
- (4) The Company also maintains the Director Deferred Compensation Plan and the 1996 Deferred Compensation Plan pursuant to which Directors and employees, respectively, may defer receipt of shares of Common Stock authorized for issuance under the Long-Term Incentive Plan. The table does not include separate information about these plans because they merely provide for the deferral, rather than the issuance, of shares of Common Stock.

**PENSION PLAN TABLE**

During 2003, the Company moved from a defined benefit program to a core defined contribution retirement income program for all new salaried employees hired on or after January 1, 2004, as well for as current salaried employees whose age plus years of service with the Company equaled less than 50 as of December 31, 2003. For current salaried employees whose age plus years of service equaled or exceeded 50 as of December 31, 2003, a defined benefit program utilizing a formula of 0.75% per year of service times the average earnings, including base salary and cash annual incentive compensation, for the highest five non-consecutive years of the ten years preceding retirement ("Final Average Earnings") was implemented effective as of January 1, 2004. For vested service prior to January 1, 2004, the formula in effect at the time of service would be applied to such service.

Consistent with the retirement income program changes the Company implemented for its salaried employees generally, the Company also reviewed and modified its Supplemental Executive Retirement Program for Executive Officers ("SERP"), effective January 1, 2004. Supplemental retirement income benefits under the SERP will be calculated using a target benefit of 60% of Final Average Earnings, offset by any defined benefit payments provided by the Company and the aggregate earnings opportunity provided by any Company contributions under the core defined contribution program, the SIP Plan and the Post-Tax SIP Plan. The supplemental benefit will vest after five years of service as an officer of the Company, with normal retirement being considered as of age 62. Early retirement at age 55 with at least 15 years of Company service will be available, but will include a 4% reduction in benefits per year for each year of early retirement prior to reaching age 62. To receive 100% of the supplemental benefit, the officer must have at least 10 years of Company service. Benefits will be prorated for Company service of less than 10 years.

The following table shows the estimated annual retirement benefits for Mr. Griffith, based on a formula of: (1) 1.75% per year of service times Final Average Earnings, applied to Mr. Griffith's service prior to January 1, 2004; plus (2) 0.75% per year of service times Final Average Earnings, applied to Mr. Griffith's service after January 1, 2004; plus (3) amounts estimated to be paid to Mr. Griffith under the SERP, without taking into account the estimated amounts to be offset against the SERP benefit; with the Final Average Earnings and years of service combinations indicated. As described above, amounts shown in the table will be reduced by the earnings opportunity provided to Mr. Griffith through the Company contributions under the SIP Plan and the Post-Tax SIP Plan. Amounts shown in the table were developed assuming that payment of benefits commenced at age 62, which is the Company's normal retirement age. Of the Executive Officers named in the Summary Compensation Table, only Mr. Griffith is covered by the formula reflected in the table because of his length of service as an officer of the Company.

REMUNERATION (3)	YEARS OF SERVICE (1) (2)			
	20	25	30	35
900,000	338,000	443,000	512,000	562,000

1,400,000	526,000	689,000	797,000	875,000
1,500,000	564,000	738,000	854,000	937,000
1,600,000	601,000	787,000	911,000	1,000,000
1,700,000	639,000	836,000	968,000	1,062,000
1,800,000	676,000	885,000	1,025,000	1,125,000
1,900,000	714,000	935,000	1,082,000	1,187,000
2,000,000	751,000	984,000	1,139,000	1,250,000
2,100,000	789,000	1,033,000	1,196,000	1,312,000
2,200,000	827,000	1,082,000	1,253,000	1,375,000

- (1) Amounts in this section of the table have been developed in accordance with the provisions of the retirement plan and individual agreements based upon a straight life annuity, not under any of the various survivor options. These amounts have been determined without regard to the maximum benefit limitations for defined benefit plans and the limitations on compensation imposed by the Internal Revenue Code of 1986, as amended. The SERP and individual agreements direct the payment out of general funds of the Company of any benefits earned that may exceed these limits.
- (2) Mr. Griffith had 20 years of credited Company service as of December 31, 2004, including 7 years of service as an officer of the Company.
- (3) Benefits are based upon Final Average Earnings. Mr. Griffith's Final Average Earnings as of December 31, 2004 are \$1,116,900.

Mr. Arnold's defined benefit calculation is based on a formula that is lower than that shown in the table as a result of the formulas in effect at the time of his vested service. Because neither Mr. Eisenberg nor W. J. Timken, Jr. had a combination of age and service with the Company that equaled or exceeded 50 as of December 31, 2003, they do not accumulate any service under a defined benefit program after December 1, 2004. Because Mrs. Dedo was not employed by the Company as of December 31, 2003, she did not accrue any service under the Company's defined benefit program. As a result, the retirement income benefit levels for Messrs. Arnold, Eisenberg and Timken and Mrs. Dedo will primarily be determined under the SERP.

The years of credited Company service as of December 31, 2004 were: 2 years for Mr. Eisenberg, 25 for Mr. Arnold, 12 for Mr. Timken, and .8 years for Mrs. Dedo. The years of credited service as an officer of the Company as of December 31, 2004 were: 2 years for Mr. Eisenberg, 5 years for Mr. Arnold, 5 years for Mr. Timken, and .8 years for Mrs. Dedo. The estimated annual benefit at age 62, based on current compensation, without taking into account the estimated amounts to be offset against the SERP benefit, is: \$489,000 for Mr. Eisenberg, \$397,000 for Mr. Arnold, \$355,000 for Mr. Timken, and \$346,000 for Mrs. Dedo. As described above, these estimated amounts will be reduced by any defined benefit payments provided by the Company and the aggregate earnings opportunity provided by any Company contributions under the core defined contribution program, the SIP Plan and the Post-Tax SIP Plan.

#### **CHANGE IN CONTROL SEVERANCE AGREEMENTS**

The Company is a party to Severance Agreements with 17 of its senior executives (including the Executive Officers named in the Summary Compensation Table). Under these Agreements, when certain events occur, such as a reduction in the individual's responsibilities or termination of the individual's employment, following a change in control of the Company (as defined in the Agreements), the individual will be entitled to receive payment in an amount, grossed up for any excise taxes payable by the individual, equal to three times the individual's annual base salary and highest annual incentive compensation during the past three years plus a lump sum amount representing a supplemental pension benefit. The individual would also receive certain benefits under the SIP Plan and the Post-Tax SIP Plan. The Severance Agreements also permit the individual to resign for any reason or without a reason during the 30-day period immediately following the first anniversary of the first occurrence of a change in control and receive the severance benefits. The amounts payable under these Severance Agreements are secured by a trust arrangement.

#### **CHANGE IN CONTROL SEVERANCE PAY PLAN**

The Company has implemented a Severance Pay Plan covering approximately 135 key employees (other than those who are party to Severance Agreements). Under the Severance Pay Plan, an individual whose employment is terminated following a change in control (as defined in the Plan) may be entitled to receive payment in an amount equal to 150% to 200% of the individual's annual base salary (depending upon length of service), grossed up for any excise taxes payable by the individual, and may also have certain benefits continued for a period of six months.

## COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is composed of John A. Luke, Jr. (Chairman), Jerry J. Jasinowski, Joseph W. Ralston and Jacqueline F. Woods. Each member of the Compensation Committee meets the independence standards of the New York Stock Exchange listing requirements.

The Compensation Committee has been delegated responsibility by the Board of Directors for establishing and administering the Company's policies, programs and procedures for compensating its senior management consistent with the Company's compensation philosophy.

### **Compensation Philosophy**

The Compensation Committee's compensation philosophy is to provide a total compensation package that:

- enables the Company to attract, retain and motivate superior quality executive management;
- reflects competitive market practices based on comparative data from a relevant peer group of companies; and
- links the financial interests of executive management with those of shareholders, through short and long-term incentive plans clearly tied to corporate, business unit and individual performance.

The Company, with the Compensation Committee's guidance and approval, has developed compensation programs based on this philosophy for Executive Officers, including the Chief Executive Officer and the other Executive Officers named in the Summary Compensation Table. The Company relies on its annual performance award, and long-term incentive awards, tied directly to individual, business unit and corporate performance, to provide total direct compensation that is aligned to achievement of pre-established goals for the year. Total direct compensation, on average, is targeted at the market median. The Compensation Committee determines specific compensation elements for the Chief Executive Officer and considers and acts upon recommendations made by the Chief Executive Officer regarding compensation of the other Executive Officers and key employees.

In 2004, the Compensation Committee conducted a review of total compensation provided by companies with net sales of \$3-6 billion dollars. The companies included in this compensation review are not the same companies used in the peer group index appearing in the performance graph. The performance graph employs a peer index blending the S&P Steel Index and six bearing companies that are direct competitors of the Company's Bearing Business, five of which are foreign companies. The companies in the peer group index are not relevant for compensation comparisons, where the Company seeks to look at other industrial companies of similar size that are more representative of the employment market for executive management in which the Company competes, whether or not they are in the bearing or steel business.

The Company compared the total compensation opportunity provided to its Executive Officers to total compensation for the selected companies as reported in the 2004 Towers Perrin Executive Compensation Survey and the 2004 Hewitt Total Compensation Measurement Executive Survey. Following completion of this analysis and development of proposed base salary ranges and target annual performance award opportunities, an external compensation consultant reviewed the information and discussed the findings with the Compensation Committee. The Committee then approved revised base salary ranges, target annual performance award opportunities, and long-term incentive grants for the Company's Executive Officers, effective January 2005.

The Compensation Committee reviewed all the components of the Chief Executive Officer's and the other Executive Officers' compensation and determined that the total compensation of the Chief Executive Officer and the other Executive Officers is reasonable and consistent with the Company's Compensation philosophy.

The Compensation Committee has addressed the impact of Section 162(m) of the Internal Revenue Code (the "Code") by obtaining shareholder approval of the Senior Executive Management Performance Plan and the Long-Term Incentive Plan and by allowing certain grants under the Long-Term Incentive Plan to qualify as

performance-based compensation. Mr. Griffith was the only participant in the Senior Executive Management Performance plan for 2004. The Senior Executive Management Performance Plan expired at the end of 2004 and the Board of Directors is recommending to shareholders the approval of the Senior Executive Management Performance Plan for an additional five years, effective January 1, 2005. It is the Compensation Committee's general policy to consider the deductibility of compensation and benefits for Federal income tax purposes, along with other relevant factors, when determining executive compensation practices.

### **Base Salary**

Base salary ranges for Executive Officers are determined by the Compensation Committee based on external surveys of salary practices for positions with similar levels of responsibility and in consultation with an external compensation consultant. At least annually, the Committee reviews the recommendations of the Chief Executive Officer and approves, with any modifications it deems appropriate, individual base salary amounts for Executive Officers based on individual performance and position in the salary range.

### **Annual Performance Award**

The Company's Senior Executive Management Performance Plan and the Management Performance Plan provide the opportunity to Executive Officers and key employees to earn annual incentive compensation based on the achievement of corporate and business unit performance goals established by the Compensation Committee and approved by the Board of Directors.

As mentioned above, the Senior Executive Management Performance Plan expired at the end of 2004 and the Board of Directors is recommending to shareholders the approval of the Senior Executive Management Performance Plan for an additional five years, effective January 1, 2005. For additional information about the proposed Senior Executive Management Performance Plan, refer to Item No. 2, "Approval of The Timken Company Senior Executive Management Performance Plan."

The Compensation Committee establishes the performance goals each year based upon business plans approved by management and reviewed with the Board of Directors. The primary performance measurement is Return on Invested Capital, defined as Earnings Before Interest and Taxes as a percentage of Beginning Invested Capital ("EBIT/BIC"). The Committee believes that EBIT/BIC is closely correlated with the creation of shareholder value. This measure is considered at the corporate level and for each business unit. A minimum level of performance is established each year, below which no annual performance awards are earned.

For 2004, the Compensation Committee selected the Chief Executive Officer as the only participant in the Senior Executive Management Performance Plan, which provided him with a target award opportunity of 100% of base salary, although the actual award could be higher or lower than the target depending upon the attainment of the goals. The Management Performance Plan provided target award opportunities for 2004 for other Executive Officers that ranged from 50% to 60% of base salary, although the actual awards could be higher or lower than that range depending upon the attainment of corporate, business unit and individual goals. Both plans require a threshold level of EBIT/BIC performance in order for annual performance awards to be earned; the Management Performance Plan, however, gives the Compensation Committee discretion to determine performance awards for achievement in key areas.

The primary performance measure for 2004 for both annual performance award plans was corporate EBIT/BIC. In addition, specific goals were established under both plans for key measures that the Compensation Committee identified as being aligned with the creation of shareholder and customer value in 2004. For the Senior Executive Management Performance Plan, the additional measures were corporate free cash flow and savings achieved through the integration of The Torrington Company, which the Company acquired in February 2003. For the Management Performance Plan, the additional measures for business unit participants were business unit EBIT/BIC and free cash flow as well as business unit integration savings, while the additional measures for corporate center participants were corporate free cash flow and corporate integration savings.

Results in 2004 exceeded the threshold EBIT/BIC performance necessary for annual performance awards to be earned under both annual performance plans. For the Senior Executive Management

## Table of Contents

Performance Plan, achievements against the pre-established targets resulted in an award of approximately 109% of base salary for Mr. Griffith. The Compensation Committee adjusted this award downward by approximately 12% to better align the award under the Senior Executive Management Performance Plan with the awards under the Management Performance Plan, resulting in a final award of approximately 96% of base salary. For the Management Performance Plan, the effects of integration, restructuring, impairment and reorganization charges and other special items were excluded from the EBIT/BIC calculation for the purpose of determining performance awards, to better measure performance related to the on-going operation of the business in 2004. The Compensation Committee approved an adjustment to the calculated award for the free cash flow component to reflect the Company's performance in managing working capital, resulting in an increase in the total amount paid under the Management Performance Plan of approximately 10%. In addition to corporate and business unit measures, participants in the Management Performance Plan were also measured on achievement of individual performance objectives, which can result in a positive or negative adjustment to the total performance award. The Compensation Committee approved awards for Executive Officers under the Management Performance Plan that ranged from 48% to 65% of base salary earned in 2004.

The goals for the annual performance award plans for 2005 were set by the Compensation Committee and approved by the Board at their February 2005 meeting. The performance measures for the Senior Executive Management Performance Plan for 2005 are corporate EBIT/BIC and working capital as a percentage of sales. The Compensation Committee selected the Chief Executive Officer and the other Executive Officers named in the Summary Compensation Table as the participants in the Senior Executive Management Performance Plan for 2005. The performance measures for the Management Performance Plan for 2005 include corporate EBIT/BIC, working capital as a percentage of sales and customer service. Specific business unit measures and individual goals will also be considered under this plan. The target award opportunity for Executive Officers for 2005 will range from 50% to 100% of base salary, although the actual awards could be higher or lower than that range depending upon the attainment of corporate, business unit and individual goals.

### **Long-Term Incentives**

The Compensation Committee administers the Long-Term Incentive Plan, which was last approved by shareholders effective April 20, 2004. The number of shares that may be issued or transferred under the Long-Term Incentive Plan may not exceed in the aggregate 16,200,000 shares of Common Stock. Awards under the Long-Term Incentive Plan can be made in the form of non-qualified stock options, incentive stock options, appreciation rights, performance shares, performance units, restricted shares and deferred shares. For 2004, a combination of non-qualified stock options, restricted shares and performance units were granted as part of the total compensation package for the Chief Executive Officer and the other Executive Officers. The use of non-qualified stock options and restricted shares enables Executive Officers to gain value if the Company's shareholders gain value. The use of performance units strengthens alignment between overall corporate performance and compensation and promotes the profitable growth of the Company.

The sizes and types of the awards under the Long-Term Incentive Plan are determined by the Compensation Committee annually. For Executive Officers in 2004, the initial target value for each participant's total grant of non-qualified stock options, restricted shares and performance units was determined by multiplying the midpoint of their salary range by a position level multiple that ranged from 1.06 to 3.26. The position level multiples were based on market competitive compensation practices derived from external survey data. Once the target award values were established, the awards were allocated among the different components using valuation methods determined by management in consultation with the Compensation Committee and an external compensation consultant. After this initial determination, the Compensation Committee reviewed, modified as appropriate and approved the long-term incentive grants based on the Committee's assessment of market competitive compensation practices, past award histories, individual performance and recommendations from the Chief Executive Officer, other than for himself.

Beginning in 2002, the Compensation Committee replaced target compensation previously delivered through deferred dividend equivalents with grants of performance units with a three-year performance period. The performance measures used for the performance units granted in 2004 are return on equity and sales growth. Each measure is weighted equally. The target award opportunity for Executive Officers for the performance units granted in 2004 ranges from 50% to 100% of base salary in effect on January 1, 2004,

although the actual awards could be higher or lower than that range depending upon the attainment of the goals.

For the performance units covering the 2002-2004 performance cycle, which were granted in 2002 and also used the performance measures of return on equity and sales growth, performance of both measures exceeded the threshold performance level. Achievement of results against the pre-established targets resulted in a calculated award of 101% of target level, and the Committee approved an increase in the actual award of approximately 9% to reflect the strong growth and strategic accomplishments achieved during the cycle. This resulted in cash awards for Executive Officers that ranged from 27.5% to 99% of base salary in effect on January 1, 2002. For additional information about performance unit awards, refer to the "Long-Term Incentive Plans – Awards in Last Fiscal Year" Table.

Share ownership targets have been established for Executive Officers and other key executives and are intended to more closely align the interests of executive management with those of shareholders. These targets set a specific level of ownership ranging from one and one-half to five times salary to be achieved in most cases within five years of the date the guidelines become applicable to the Executive Officer.

### **Deferred Compensation**

The Company maintains a Deferred Compensation Plan that allows certain employees, including the Executive Officers, to defer receipt of all or a portion of their salary, employee contributions and company match that would otherwise be directed to the Post-Tax SIP Plan and/or incentive compensation payable in cash or shares of Common Stock until a future time they have specified. Cash deferrals earn interest quarterly at a rate based on the prime rate plus one percent. The Deferred Compensation Plan is not funded by the Company and participants have an unsecured contractual commitment by the Company to pay the amounts due under the plan. When such payments are due, they will be distributed from the Company's general assets. In the event of a change in control in the Company, as defined in the plan, participants are entitled to receive deferred amounts immediately.

### **Chief Executive Officer Compensation**

The Compensation Committee evaluates the performance of the Chief Executive Officer each year and determines his compensation on the basis of this evaluation. The Chief Executive Officer's compensation is calculated based upon the same factors set forth in the Executive Officer compensation philosophy. The principal components of the Chief Executive Officer's compensation include base salary, annual performance award and long-term incentives. The base salary range for the Chief Executive Officer is determined using survey data in the same manner as for other Executive Officers.

The Chief Executive Officer's compensation is aligned with the Company's performance through the Senior Executive Management Performance Plan and the Long-Term Incentive Plan. The methodology used to calculate the Chief Executive's compensation under each plan is similar to other Executive Officers.

In 2004, Mr. Griffith's base salary was increased from \$800,000 to \$900,000. In setting Mr. Griffith's compensation, the Compensation Committee considered a number of factors, including his experience and performance in relation to the performance of the Company. In addition, his annual performance target award was increased from 90% of his base salary to 100%.

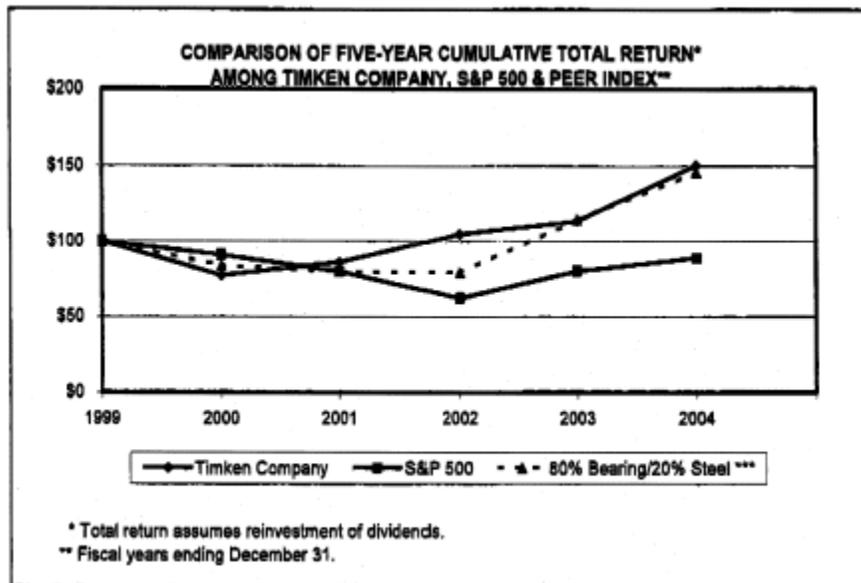

Mr. Griffith's annual performance award was measured by the achievement of pre-established goals for corporate EBIT/BIC, integration savings and free cash flow. The company's performance for 2004 resulted in an annual performance award of \$860,000 in cash for Mr. Griffith.

Mr. Griffith also received a cash award under performance units covering the 2002-2004 performance cycle, which were granted in 2002 and used the performance measures of return on equity and sales growth. The Compensation Committee determined that the performance for both measures exceeded the threshold performance level. Achievement of results against the pre-established targets resulted in an award earned at 101% of target level, and the Committee approved an increase in the actual award of approximately 9%, as described above. This resulted in a cash award for Mr. Griffith of \$643,500.

## Table of Contents

In 2004, Mr. Griffith received non-qualified stock options exercisable for 134,000 shares, 30,000 restricted shares that will vest at the rate of 25% per year, and 9,000 performance units covering the performance period of January 1, 2004 through December 31, 2006. The Compensation Committee believes that Mr. Griffith's compensation was commensurate with his experience and leadership, his performance and the performance of the Company.

\*\*\* Effective in 2003, the weighting of the peer index was revised from 70% Bearing/30% Steel to more accurately reflect the Company post Torrington acquisition.

The line graph compares the cumulative total shareholder returns over five years for The Timken Company, the S&P 500 Stock Index, and a peer index that proportionally reflects The Timken Company's two businesses. The S&P Steel Index comprises the steel portion of the peer index. This index was comprised of seven steel companies in 1996 and is now three (Allegheny Technologies, Nucor and US Steel Corp.) as industry consolidation and bankruptcy have reduced the number of companies in the index. The remaining portion is a self constructed bearing index that consists of six companies. These six companies are Kaydon, FAG, Koyo Seiko, NSK, NTN and SKF. The last five are non-US bearing companies that are based in Germany (FAG), Japan (Koyo Seiko, NSK, NTN), and Sweden (SKF). The bearing index was favorably impacted by FAG which appreciated by 71.9% in the year 2001 primarily due to the unsolicited takeover by INA-Holding Schaeffler KG. FAG was eliminated from the bearing index in 2003 when its minority interests were acquired and its shares delisted.

**ITEM NO. 2**

**APPROVAL OF THE TIMKEN COMPANY  
SENIOR EXECUTIVE MANAGEMENT PERFORMANCE PLAN,  
AS AMENDED AND RESTATED AS OF FEBRUARY 1, 2005**

The Company desires to continue its policy of providing annual cash incentive compensation to the Company's Chief Executive Officer and other designated Executive Officers of the Company under a plan that will meet the requirements of Section 162(m) of the Internal Revenue Code. Generally, Section 162(m) prevents a company from receiving a federal income tax deduction for compensation paid to any one of the five most highly compensated Executive Officers in excess of \$1 million for any year, unless that compensation is performance-based. One of the requirements of "performance-based compensation" for purposes of Section 162(m) is that the compensation be paid pursuant to a plan that has been approved by the company's shareholders and that the plan be reapproved by the company's shareholders every five years.

In 1999, the Board of Directors adopted, and the Company shareholders approved, The Timken Company Senior Executive Management Performance Plan (the "Original Plan"). In light of Section 162(m)'s five-year shareholder reapproval requirement, the term of the Original Plan expired on December 31, 2004. In order to continue to provide annual cash incentive compensation to the Company's Chief Executive Officer and other designated Executive Officers under a plan that will meet the requirements of Section 162(m), the Board of Directors approved amendments to the Original Plan by adopting The Timken Company Senior Executive Management Performance Plan, as Amended and Restated on February 1, 2005 (the "Amended Plan"), and has recommended that the Amended Plan be submitted to the Company's shareholders for approval at the 2005 Annual Meeting.

The principal change proposed is to extend the term of the Amended Plan for an additional five years. In addition, the list of performance criteria pursuant to which compensation may be awarded under the Amended Plan has been expanded to include working capital and customer service, and the maximum amount that may be paid to any executive under the Amended Plan for a year has been increased from \$2,000,000 to \$4,000,000.

Subject to approval of the Amended Plan by shareholders, the Compensation Committee has designated the Executive Vice President - Finance & Administration, Executive Vice President and President - Steel, President - Automotive, and President - Industrial, in addition to the Chief Executive Officer, as participants in the Amended Plan for 2005 and has established performance goals for 2005 based on EBIT/BIC and working capital as a percentage of sales. In future years, the Committee could continue to use these performance measures under the Plan or could select another objective or combination of objectives from the list described below.

**Summary of Amended Plan.** The following is a summary of the Amended Plan and is qualified in its entirety by reference to the complete text of the Amended Plan, which is set forth in Appendix A.

- **Administration.** The Amended Plan will be administered by the Compensation Committee or another committee (consisting of at least two Directors, each of whom must be an "outside director" within the meaning of Section 162(m)) appointed by the Board. In administering the Amended Plan, the Committee will have full power and authority to interpret the Amended Plan and establish Management Objectives and the amount of bonuses payable upon achievement of such objectives.
- **Eligible Executives.** Participation in the Amended Plan will be limited to "Eligible Executives," which is defined as the Company's Chief Executive Officer and any other designated Executive Officer of the Company that in the Compensation Committee's judgment could, in the absence of the Amended Plan, be paid compensation the deductibility of which could be limited by Section 162(m) of the Code. Participation in the Amended Plan is limited to the Company's Executive Officers designated by the

Committee. As noted above, the Committee has determined that the Executive Vice President - Finance & Administration, Executive Vice President and President - Steel, President - Automotive, and President - Industrial, in addition to the Chief Executive Officer will be the only participants in the Amended Plan for 2005. The other Executive Officers will continue to participate in the Management Performance Plan for 2005.

- **Management Objectives.** An Eligible Executive's right to receive a bonus under the Amended Plan depends on achievement of certain specified performance goals, referred to as Management Objectives. Management Objectives may be described in terms of either Company-wide objectives or objectives that are related to the performance of the individual participant or subsidiary, division, department or function within the Company or a subsidiary in which the participant is employed. Management Objectives must be limited to specified levels of, growth in or relative peer company performance in: cash flow, cost of capital, debt reduction, earnings, earnings before interest and taxes, earnings per share, economic value added, free cash flow, working capital, inventory management, net income, productivity improvement, profit after tax, reduction of fixed costs, return on assets, return on equity, return on invested capital, sales, customer service and/or shareholder return. Management objectives may be stated as a combination of the preceding factors.
- **Establishment of Bonus Amounts.** (a) Not later than the 90th day of each fiscal year of the Company, the Compensation Committee must establish the Management Objectives for each Eligible Executive and the bonus amount payable (or formula for determining such amount) upon full achievement of the specified Management Objectives. The Committee may further specify in respect of the specified Management Objectives a minimum acceptable level of achievement below which no payment will be made and shall set forth a formula for determining the amount of any payment to be made if performance is at or above the minimum acceptable level but falls short of full achievement of the specified Management Objectives. The Committee may not modify the specified Management Objectives, except to the extent that after such modification the bonus payments would continue to constitute qualified "performance-based compensation" for purposes of Section 162(m); (b) The Committee retains the discretion to reduce the amount of any bonus that would be otherwise payable to an Eligible Executive (including a reduction in such amount to zero); (c) Notwithstanding any other provision of the Amended Plan to the contrary, in no event shall the bonus paid to an Eligible Executive for a year exceed \$4,000,000.
- **Payment of Incentive Bonuses.** Subject to a valid election made by an Eligible Executive with respect to the deferral of all or a portion of his or her Incentive Bonus, Incentive Bonuses shall be paid within 30 days after written certification pursuant to Section 6 of the Amended Plan, but in no event later than two and one-half months after the close of the Company's fiscal year.
- **Effective Date.** If the Amended Plan is approved by shareholders, it will be effective as of January 1, 2005, and will continue in effect until the first shareholders' meeting in 2010. The Board, however, may suspend or terminate the Amended Plan at any time.

**Plan Benefits.** Because the Amended Plan gives the Compensation Committee discretion in designating the participants and establishing target bonuses (subject to the \$4,000,000 annual limit per person noted above), and the Committee has discretion to reduce the amount of any bonus that would otherwise be payable, it is not possible to determine the amount of the benefits that will become payable under the Amended Plan. The Chief Executive Officer was the only participant designated by the Committee under the Original Plan in 2004, and he received a cash bonus of \$860,000 under the Original Plan. For 2005, the target bonus amounts for the designated participants under the Amended Plan, assuming that actual performance against the Management Objectives established by the Committee results in a bonus at 100% of the target bonus, would be as follows: Mr. Griffith - \$950,000; Mr. Eisenberg - \$330,000; Mr. Arnold - \$264,000; Mrs. Dedo - \$240,000; and Mr. Timken - \$240,000. Actual bonus amounts could be 0% to 250% of the target amounts depending upon the actual performance against the Management Objectives and subject to the Committee's discretion to reduce the amount of the bonus earned under the Amended Plan. If the Amended plan is not approved by shareholders, no bonus amounts will be paid under the Amended Plan.

**Vote Required to Approved the Plan.** A favorable vote of a majority of votes cast on the matter is necessary for approval of the Amended Plan. Abstentions and broker non-votes will not be counted for determining whether the Amended Plan is approved.

**The Board of Directors recommends that stockholders vote FOR the approval of the Senior Executive Management Performance Plan, as Amended and Restated as of February 1, 2005.**

The Company is required to disclose any failure by any of the above-mentioned persons to make timely Section 16 reports.

Based solely upon its review of the copies of such reports furnished to the Company, or written representations that no forms were required to be filed, the Company is not aware of any instances of noncompliance, or late compliance, with such filings during the year ended December 31, 2004, by its Executive Officers, Directors, or 10% shareholders, except that a report of the purchase of 1,000 shares of Common Stock by Joseph W. Ralston on November 12, 2004, was filed on December 17, 2004.

## APPENDIX A

### THE TIMKEN COMPANY SENIOR EXECUTIVE MANAGEMENT PERFORMANCE PLAN, AS AMENDED AND RESTATED AS OF FEBRUARY 1, 2005

**1. Purpose.** The purpose of the Senior Executive Management Performance Plan (the “Plan”) is to attract and retain key executives for The Timken Company, an Ohio corporation (the “Corporation”), and its Subsidiaries and to provide such persons with incentives and rewards for superior performance. Incentive bonus payments made under the Plan are intended to constitute qualified “performance-based compensation” for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended, and Section 1.162-27 of the Regulations promulgated there under, and the Plan shall be construed consistently with such intention.

**2. Definitions.** As used in this Plan,

“**Board**” means the Board of Directors of the Corporation.

“**Code**” means the Internal Revenue Code of 1986, as amended from time to time.

“**Committee**” means the Compensation Committee of the Board or any other committee appointed by the Board to administer the Plan; provided, however, that in any event the Committee shall be comprised of not less than two directors of the Corporation, each of whom shall qualify as an “outside director” for purposes of Section 162(m) of the Code and Section 1.162-27(e)(3) of the Regulations.

“**Eligible Executive**” means the Corporation’s Chief Executive Officer and any other designated executive officer of the Corporation that in the Committee’s judgment could, in the absence of the Plan, be paid compensation the deductibility of which, to the Corporation, could be limited by Section 162(m) of the Code.

“**Incentive Bonus**” shall mean, for each Eligible Executive, a bonus opportunity amount determined by the Committee pursuant to Section 5 below.

“**Management Objectives**” means the achievement of a performance objective or objectives established pursuant to this Plan for Eligible Executives. Management Objectives may be described in terms of Corporation-wide objectives or objectives that are related to the performance of the individual Eligible Executive or of the Subsidiary, division, department or function within the Corporation or Subsidiary in which the Eligible Executive is employed. The Management Objectives shall be limited to specified levels of, growth in or relative peer company performance in—cash flow, cost of capital, debt reduction, earnings, earnings before interest and taxes, earnings per share, economic value added, free cash flow, working capital, inventory management, net income, productivity improvement, profit after tax, reduction of fixed costs, return on assets, return on equity, return on invested capital, sales, customer service and/or shareholder return. Management objectives may be stated as a combination of the preceding factors.

“**Regulations**” mean the Treasury Regulations promulgated under the Code, as amended from time to time.

## Table of Contents

“**Subsidiary**” means a corporation, partnership, joint venture, unincorporated association or other entity in which the Corporation has a direct or indirect ownership or other equity interest.

**3. Administration of the Plan.** The Plan shall be administered by the Committee, which shall have full power and authority to construe, interpret and administer the Plan and shall have the exclusive right to establish Management Objectives and the amount of Incentive Bonus payable to each Eligible Executive upon the achievement of the specified Management Objectives.

**4. Eligibility.** Eligibility under this Plan is limited to Eligible Executives designated by the Committee in its sole and absolute discretion.

### **5. Awards.**

(a) Not later than the 90th day of each fiscal year of the Corporation, the Committee shall establish the Management Objectives for each Eligible Executive and the amount of Incentive Bonus payable (or formula for determining such amount) upon full achievement of the specified Management Objectives. The Committee may further specify in respect of the specified Management Objectives a minimum acceptable level of achievement below which no Incentive Bonus payment will be made and shall set forth a formula for determining the amount of any payment to be made if performance is at or above the minimum acceptable level but falls short of full achievement of the specified Management Objectives. The Committee may not modify any terms of awards established pursuant to this section, except to the extent that after such modification the Incentive Bonus would continue to constitute qualified “performance-based compensation” for purposes of Section 162(m) of the Code.

(b) The Committee retains the discretion to reduce the amount of any Incentive Bonus that would be otherwise payable to an Eligible Executive (including a reduction in such amount to zero).

(c) Notwithstanding any other provision of the Plan to the contrary, in no event shall the Incentive Bonus paid to an Eligible Executive under the Plan for a year exceed \$4,000,000.

**6. Committee Certification.** As soon as reasonably practicable after the end of each fiscal year of the Corporation, the Committee shall determine whether the Management Objective has been achieved and the amount of the Incentive Bonus to be paid to each Eligible Executive for such fiscal year and shall certify such determinations in writing.

**7. Payment of Incentive Bonuses.** Subject to a valid election made by an Eligible Executive with respect to the deferral of all or a portion of his or her Incentive Bonus, Incentive Bonuses shall be paid within 30 days after written certification pursuant to Section 6, but in no event later than two and one-half months after the close of the Company’s fiscal year.

**8. No Right to Bonus for Continued Employment.** Neither the establishment of the Plan, the provision for or payment of any amounts hereunder nor any action of the Corporation, the Board or the Committee with respect to the Plan shall be held or construed to confer upon any person (a) any legal right to receive, or any interest in, an Incentive Bonus or any other benefit under the Plan or (b) any legal right to continue to serve as an officer or employee of the Corporation or any Subsidiary of the Corporation.

**9. Withholding.** The Corporation shall have the right to withhold, or require an Eligible Executive to remit to the Corporation, an amount sufficient to satisfy any applicable federal, state, local or foreign withholding tax requirements imposed with respect to the payment of any Incentive Bonus.

**10. Nontransferability.** Except as expressly provided by the Committee, the rights and benefits under the Plan shall not be transferable or assignable other than by will or the laws of descent and distribution.

**11. Effective Date.** Subject to its approval by the shareholders, this Plan shall become effective January 1, 2005, and shall remain effective until the first shareholders' meeting in 2010, subject to any further shareholder approvals (or reapprovals) mandated for performance-based compensation under Section 162(m) of the Code, and subject to the right of the Board to terminate the Plan, on a prospective basis only, at any time.
